

Preliminary Program

Day 1	
1:00pm	Opening Remarks
1:15pm	Pregnancy: Diabetes Mellitus
1:50pm	Pregnancy: Hypertension
2:50pm	Break
3:20pm	Obstetrics Complications: Postdates and IUGR
4:00pm	Obstetrics Complications: Preterm Labor & PROM
4:30pm	HIV and AIDS in Women, Babies, & Health Care
5:45pm	Adjourn
Day 2	
8:00am	Complications of early Pregnancy
8:40am	Obstetric Issues: Obstetric Hemorrhage
9:40am	Break
10:10am	Fetal Monitoring
10:50am	Perinatal Infections
11:50am	Lunch
1:00 pm	Workshops
Day 3	
8:00am	Contraception
8:40am	Gynecological Infections: Lower Genital Tract Infections
9:10am	Gynecological Infections: Upper Genital Tract Infections
10:10am	Break
10:40am	Cervical Cancer Screening
11:20am	Breast Cancer Screening
12:10pm	Lunch
1:00pm	Workshops
Day 4	
8:00am	Initial Neonatal Assessment
8:30am	Special Considerations for Immunization of AI/AN Infants: Update on Latest Recommendations
9:15am	Neonatal Resuscitation
10:10am	Break
10:40am	Menopause
11:10am	Outpatient Evaluation of Abdominal, Pelvic, and Vulvar pain
12:10pm	Lunch
1:00 pm	Workshops
Day 5	
8:00am	IHS MCH Web Resources
8:30am	Cultural Competency
9:15am	Break/Q&A w/ Dr. Rhoades
10:00am	Workshops
12:00pm	Adjourn

COURSE DESCRIPTION

This course is directed to primary care providers and clinical nurses: physicians, clinical nurses, nurse practitioners, nurse midwives, and physician assistants caring for women and infants in Indian Health Service settings and tribally operated health care facilities. Multidisciplinary instruction will focus on practical approaches to recognition, management, consultation, and referral of the health problems of American Indians and Alaska Natives.

In addition to presenting important concepts of obstetrics, gynecology, and neonatology, the sessions will address the special challenges of developing and managing an effective maternal-infant care component at the service unit level.

Attendee Comments:

- One of the greatest clinical postgraduate courses I've attended in my career.
- ...confidence increased...reassured...protocols were appropriate.
- Many "refinements" of things I knew or understood incorrectly.

CONTINUING EDUCATION CREDIT

ACCME Accreditation

The American College of Obstetricians and Gynecologists (ACOG) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

ANCC Accreditation

The Indian Health Service Clinical Support Center (CSC) is accredited as a provider of continuing education for nurses by the American Nurses Credentialing Center (ANCC) Commission on Accreditation.

CONCURRENT WORKSHOPS

Workshops are offered on the following 30 topics; each is offered one to three times between Monday and Thursday. You will be able to take a total of 14 workshops. A schedule of workshops, their objectives and faculty, and a selection sheet will be sent to successful applicants.

- ☐ Abnormal Cervical Cytology
- ☐ Abnormal Gynecologic Bleeding
- ☐ Adolescent Health
- ☐ Alcoholism & Fetal Alcohol Syndrome
- ☐ Assessing Risk for Congenital Anomalies
- ☐ Basic Ultrasound
- ☐ Breastfeeding
- ☐ Clinical Evaluation of Breast Disease
- ☐ Diabetes in Pregnancy
- ☐ Emergency Delivery
- ☐ Evaluating the Newborn with Congenital Malformations
- ☐ Fetal Heart Rate Monitoring: Interpretation of Tracings: **physicians & nurses**
- ☐ Hormonal Contraception Choices: Benefits and Risks
- ☐ Hypertension in Pregnancy
- ☐ Infertility Evaluation in the Primary Care Setting
- ☐ Labor Management
- ☐ Menopause
- ☐ Neonatal Intubation and Resuscitation
- ☐ Newborn Health Problems – First Weeks
- ☐ Obstetric Emergencies
- ☐ Obstetric Infections
- ☐ Pediatric Gynecology
- ☐ Postdates Pregnancy
- ☐ Postpartum & Postabortal Hemorrhage
- ☐ Sexual Abuse & Domestic Violence, and the Role of the Health Care Provider
- ☐ Techniques for Assessment & Management of Abdominal, Pelvic, and Vulvar Pain
- ☐ Techniques of IUD Insertion & Diaphragm Fitting
- ☐ Urinary Incontinence
- ☐ Vulvar Disease: Benign & Premalignant
- ☐ Health Issue for Mature Women
- ☐ Prenatal Care
- ☐ Internet: Access medical database

REGISTRATION

The number of participants for the course is limited. Tuition, travel, and per diem expenses are the responsibility of the attendee or the sponsoring Indian health program. You may apply for CME/CEU funding.

Who should attend this course:

- IHS Health Care Providers
- Tribal/ Urban Health Care Providers
- Other Health Care Providers interested in Indian women's health issues.

Registration must be made in advance by completing this form and returning it to:

Sandra Dodge, CNP
5600 Fishers Lane, Room 6A-44
Rockville, MD 20857
Phone: (301) 443-1840
FAX: (301) 594-6135

Please register me for the postgraduate course to be held September 10-14, 2000. I have checked the appropriate registration box below:

- IHS employee:
 - Physician \$200 ☐
 - Other health professional \$150 ☐
- I am not employed by IHS and will pay the following fees myself or through available sponsorship from my facility:
 - Tribally employed physician \$350 ☐
 - Other health professional employed by tribe \$250 ☐
 - Physician not employed by IHS or tribe \$450 ☐
 - Other professional not employed by IHS/tribe \$350 ☐
 - Residents \$350 ☐

** Employees of tribes who have not withdrawn their tribal shares should use the IHS scale. If you are uncertain of share status, verify with Sandra Dodge.

Developed by:
The American College of Obstetricians and
Gynecologists
For:
The Indian Health Service

POSTGRADUATE COURSE ON OBSTETRIC, NEONATAL, AND GYNECOLOGIC CARE

OBJECTIVES:
As a result of participating in the lectures and workshops as well as utilizing the accompanying reference text: Obstetric, Neonatal, and Gynecologic Care, physicians and nurses will:

- Develop an enhanced understanding of the principles of women's and neonatal health care as optimally practiced in settings such as those served by Indian Health Service and Tribal health programs.
- Promote prevention, early diagnosis, and culturally sensitive intervention strategies in the assessment and treatment of women and neonates in Level I hospitals, low risk maternity units, and ambulatory health centers.
- Identify sick women and neonates who would be best managed in larger secondary or tertiary care centers as part of a formalized regional perinatal and gynecologic consultation, referral, and care program.
